

JESUS' UPSIDE-DOWN LEADERSHIP

Presentation © 2009 by Richard L. Bowman

- List the names of the first two leaders from the Bible that come to you mind.
- What traits or characteristics of this leader did you notice?

1. Acknowledge the power we have as leaders and as members of groups in the church.

2. Ask God to forgive us for any pride that we have and any misuse we have made of our power.

3. Seek to know God's vision for our group through prayer, Bible study, understanding our world, and letting the group help shape and discover this vision.

4. Practice being a servant leader.

5. Affirm other leaders in our groups.

Andy, don't you think Dad should have been a servant leader and talked with me about who was going to rake leaves before telling me to?
